To Whom It May Concern:

We at Boston University Medical Campus, Office of Sponsored Programs, are in the process of updating our funding source library. This will enable us to better assist the many researchers seeking information through our office.

Will you please send your current grant application materials, annual report, and program policies including indirect cost (overhead) policy to me at the above address. This information will be added to our research support and funding opportunities library. Would you also please add my name to your agency's mailing list.

Thank you for your help in this endeavor.

Sincerely,

A handwritten signature in cursive script, appearing to read "Lorraine Payne".
